

Angelsword

This amazing flower grows in the alpine region of Australia. Viewed from one angle, it has the appearance of a 'fleur-de-lis'. The Essence is for reaching one's own spiritual truth by cutting through any confusion or misinformation, ie. helping one discern the level of truth in 'channelled messages'. When the flower is looked at the opposite way, it resembles a monk in purple robes accentuated by the yellow stamens at the third eye. Taking this Essence allows access and retrieval of previously developed gifts from past lives. Angelsword protects from outside influences and entities so one can receive clear information from one's Higher Self without interference. Whilst Fringed Violet works to repair damage to the aura, Angelsword releases any energies that entered while the aura was open.

Negative Condition:

- interference with true spiritual connection to Higher Self
- spiritually possessed
- spiritual confusion

Positive Outcome:

- spiritual discernment
- accessing gifts from past lifetimes
- release of negatively held psychic energies
- clear spiritual communication
