

Grey Spider Flower

This is an Essence to deal with extreme terror, especially terror experienced in life-threatening situations or psychic attack. It deals with panic and nightmares. The Essence will restore faith and trust. Interestingly enough every time I picked this flower to make the Essence I came across a spider. There is a theory that spiders are an archetypal image for primordial fear.

Negative Condition:

- terror
- fear of supernatural and psychic attack

Positive Outcome:

- faith
- calm
- courage
