

Jacaranda Flower Essence

Jacaranda Essence is for people who dither, never completing things because they are constantly changing what they are doing. There is a fine distinction between Sundew and Jacaranda: Sundew deals with dreamers (the 'space cadet'), whilst Jacaranda is for those who dither, are 'all over the place' and are always changing their mind.

Negative Condition:

- scattered
- changeable
- dithering
- rushing

Positive Outcome:

- decisiveness
- quick thinking
- centred
