

## Macrocarpa

Macrocarpa is a Eucalypt that grows in the wheat belt area of South West Western Australia, the stands of which are becoming increasingly rare and very few survive today. This tree has the largest flower of any Eucalypt. Both the tree and the flower have a tremendous power about them and this comes out in its properties. This Essence brings about renewed enthusiasm, endurance and inner strength.

### Negative Condition:

- drained
- jaded
- worn out

### Positive Outcome:

- enthusiasm
- inner strength
- endurance

### Preparation of Dosage Bottles

Place seven (7) drops of Stock Essence into a 15ml to 30ml dropper bottle filled with 1/3 brandy and 2/3 purified water.

### Preparation of Combination Essences

Place seven (7) drops of each Stock Essence into a 15ml to 30ml dropper bottle filled with 1/3 brandy and 2/3 purified water.
