

Peach-flowered Tea-tree Flower

Essence

Peach-flowered Tea-tree is an Essence for people with extreme mood swings, hypochondriacal people and those who have a fear of getting old. It can also be used for people who get enthusiastic and then, for no apparent reason, lose that enthusiasm. It is for those who do not 'follow through' on their goals and convictions. Once the challenge goes, they become bored and lose interest. It will help develop stability, consistency, drive and commitment.

Negative Condition:

- mood swings
- lack of commitment to follow through projects
- easily bored
- hypochondriacs

Positive Outcome:

- ability to complete projects
- personal stability
- take responsibility for one's health
