- Supports youthful, firm skin and skin elasticity
- Prebiotics for enhanced digestive health
- Non-synthetic, bioavailable formula

DESCRIPTION

Raw Collagen Glow 5000 is a premium anti-aging formula designed to increase collagen in the body, help improve skin elasticity and promote thick hair, youthful, firm skin and strong nails. Collagen makes up 75% of our skin and degenerates from our mid 20s onwards. This beauty blend contains 5000mg of Type I and III Collagen in a highly bioavailable form with Vitamin C to promote natural collagen production. **Amazonia Raw Collagen Glow 5000** is the ultimate beauty powder.

INGREDIENT BENEFITS

MARINE COLLAGEN

Collagen is the most abundant protein in the body. It is important for maintaining skin elasticity, thick, healthy hair and strong nails. Our skin is made of over 75% collagen, which degenerates from our mid 20s and continues to decrease as we age. Collagen is also present throughout the body and is important in maintaining structure for tendons, skin and cartilage. Collagen supplementation can have anti-aging effects with increased supplies in the body promoting smooth, glowing skin. Collagen also assists with overall gut and digestive health.

Marine Collagen is highly bioavailable compared to other sources and is fast absorbing into the bloodstream which makes it easy for our bodies to use and quick to replenish collagen stores. Marine Collagen is also primarily Type I and III Collagen, which makes up the majority of our skin. Therefore supplementing with these types is important for supporting skin firmness and elasticity and helping to reduce wrinkles. **Amazonia Raw Collagen Glow 5000** contains 5000mg of Marine Collagen for youthful, radiant skin.

SEA BUCKTHORN JUICE

Sea Buckthorn is extremely high in the powerful antioxidant Vitamin C known for promoting collagen production to support healthy hair, skin and nails. Vitamin C also has a positive effect on the skin to improve appearance for bright, radiant looking skin. Further it can help to replenish dry skin which assists in minimising the appearance of wrinkles, fine lines and signs of aging. We have included a high dose of Organic Sea Buckthorn Juice Powder as part of a specialised beauty blend to support bright, smooth skin.

BEETROOT

Beetroots are especially high in Antioxidants working to protect the skin and fight free radicals that cause signs of aging. Free radicals can damage cells and cause inflammation which affects the skins appearance and causes wrinkles. Antioxidants also play a role in healthy, shiny hair, strong nails and overall immune health. Beetroots contain high levels of Vitamin C, adding to the beauty promoting benefits and making it an ideal addition to the beauty blend in **Amazonia Raw Collagen Glow 5000**.

Raw Collagen Glow 5000

JERUSALEM ARTICHOKE INULIN

Jerusalem Artichoke Inulin is a wholefood prebiotic. Prebiotics are indigestible fibres that feed and nourish good bacteria (probiotics) in the gut for overall well being.

NATURAL SWEETENERS

Erythritol, Stevia Leaf Extract

Completely free of any added artificial sweeteners, this anti-aging formula uses only natural sweeteners. Our Stevia Leaf Extract is much sweeter than table sugar and a popular natural sweetener alternative. Erythritol is a sugar alcohol, which means it is not metabolised in the body the same way as sugar and does not cause a rise in blood sugar.

WILD BERRY FLAVOUR

Amazonia Raw Collagen Glow 5000 has a subtle, refreshing natural wild berry flavour making it perfect to mix in water, coconut water or liquid of choice. Highly versatile it can be mixed into your favourite smoothies, breakfast bowls and recipes.

DIRECTIONS

Mix 9g (1 heaped tablespoon) into 300ml of water, coconut water or liquid of choice. For optimal results consume 1 serve daily. Also delicious combined into your favourite smoothies, breakfast bowls and recipes.

INGREDIENTS

Beauty Blend (Marine Collagen, Organic Sea Buckthorn Juice*, Organic Beetroot*), Natural Sweetener (Erythritol), Organic Jerusalem Artichoke Inulin* [prebiotic], Natural Flavour, Stevia Leaf Extract. ***Certified Organic**

WARNING

Contains fish products.

Excessive consumption may have a laxative effect.

FREE FROM

No gluten, added sugar, dairy, additives, preservatives & GMOs

FREQUENTLY ASKED QUESTIONS

Where does our Collagen come from?

Amazonia Raw Collagen Glow 5000 is derived from Marine (fish) sources.

Why Marine Collagen?

Marine Collagen is highly bioavailable and has a low molecular weight compared to other sources making it fast absorbing into the bloodstream. This means it is easier for our bodies to use and quick to replenish collagen stores making it the ideal source to help improve skin elasticity, promote thick hair, strong nails and youthful, firm skin.

Why Type I and III Collagen?

Type I and III Collagen is known to be suited to support skin firmness and elasticity and help reduce wrinkles. **Amazonia Raw Collagen Glow 5000** contains 5000mg of Type I and III Collagen ideal to support smooth, glowing skin.

What is the difference between Collagen and Gelatin?

The terms Collagen and Gelatin can be used interchangeably. They both are derived from the same sources - bones, connective tissue and skin however they are not exactly the same thing.

Collagen is found in the bones and tissue, however as these parts cannot be eaten easily they must be cooked to make the actual collagen digestible. When these parts are then hydrolyzed and dried this is what forms gelatin powder - gelatin is a result of cooked collagen. The main difference between the two is how they are processed and as a result, used. Collagen peptides are a more processed version through hydrolysis hence smaller protein particles which can be more easily digested and absorbed by our bodies. When mixed with water Gelatin is generally thicker and jelly like in consistency whereas Collagen is similar to a fine powder and can be easily mixed into liquid or recipes of choice.

Is Collagen Glow 5000 safe to be taken during pregnancy and breastfeeding?

Yes! As the collagen is derived from natural marine sources, with the added benefits of Vitamin C and antioxidants from Sea Buckthorn and Beetroot. All ingredients are non-synthetic and naturally derived from whole food sources making them safe for consumption during pregnancy and breastfeeding. If there are any specific concerns, we recommend talking to your local healthcare or medical professional before using.
