- 🌿 Nutrient-rich sprouts, leaves, juices, grasses & algae
- 🌿 Herbs to help detoxification
- 👉 Prebiotics for digestive support
- 74+ Trace Minerals
- 🌿 Certified organic
- 🌿 Non-synthetic, vegan, alkaline

PRODUCT DESCRIPTION

Amazonia Raw Greens is a concentrated, certified organic formula containing 9 sources of alkaline chlorophyll from green superfoods which may assist detoxification and support energy production. This delicious blend combines nutrient-dense sprouts, leaves, juices, grasses, algae, herbs, over 74+ trace minerals and prebiotics to support optimal absorption and vitality.

BENEFITS

GREENS BLEND

Nettle, Spirulina, Alfalfa, Chlorella, Wheatgrass, Barley Grass, Kale, Spinach, Broccoli Sprout

An organic concentrated, vitamin and mineral rich blend to promote vitality and everyday wellbeing. Greens contain chlorophyll which is the green pigment in plants. Chlorophyll is alkalising and may assist with healthy detoxification and energy production. It is also a potent antioxidant to help combat free radical damage.

SPROUTED BLEND

Quinoa, Amaranth, Broccoli

Sprouted, nutrient-rich ingredients that are gentle on the digestive system. Sprouting decreases the presence of anti-nutrients, such as phytic acid, that may inhibit the absorption of vitamins and minerals, allowing for easier absorption and greater bioavailability.

JERUSALEM ARTICHOKE INULIN

Jerusalem artichoke inulin is a wholefood prebiotic. Prebiotics are indigestible fibres that feed and nourish good bacteria (probiotics) in the gut.

LIVER SUPPORT BLEND

Dandelion Root, Milk Thistle

A blend of herbs traditionally used to assist with detoxification.

FRUIT BLEND

Lemon, Pineapple, Nopal, Apple Juice

Nutrient-rich fruits for an extra nutritional boost and delicious taste

NATURAL SEA MINERAL COMPLEX

This unique multi mineral complex provides 74+ trace minerals from marine algae harvested in the cool, clean and pristine waters off the coast of Iceland.

MINT & VANILLA FLAVOUR

Raw Greens powder has a pleasant mint and vanilla flavour, which can be conveniently mixed with water or added to smoothies or protein shakes.

Raw Greens
