

# Silicone Free Hair Conditioner

- envirocare Silicone Free Hair Conditioner is suitable for most hair types.
- Natural plant based oil supports the hair in establishing a healthy structure and gives it natural shine and bounciness.
- Replacing silicone with cellulose based replacement eliminates the build-up of silicone, allowing products to nourish hair follicles, retain colour & accept moisture without weighing the hair shaft down. Get more bounce & volume back into your hair!
- Turmeric and fenugreek aid with circulation in the scalp and benefit scalps with dandruff present.
- Apricot, jojoba, coconut and mandarin oil have protective and moisturising qualities.
- Makes combing or brushing hair easier without weighing it down.
- Use this silicone free product with envirocare Silicone Free Shampoo for the best results and so you don't replace the silicone if using another product.
- Biodegradable, grey water safe.
