

## **Citronella Organic**

*Cymbopogon winterianus*

Citronellal (12%), citronellol (11%), neral (11%), geraniol (33%), geranial (14%), citronellyl and geranyl acetate (1% and 2%),  $\alpha$ -caryophyllene (2%)

Citronella is best known for its benefits as an insect deterrent, but has other good uses. This certified organic oil contains a high amount of anti-infectious alcohols (geraniol and citronellol) and lemon-scented citral (neral and geranial). Overall, this Citronella oil is an excellent air purifier when diffused
