

INVISI SHIELD SANITISER TECH SHEET

PRODUCT INFORMATION

- Made from all-natural, organic plant extracts
- Alcohol free and chemical free sanitiser
- Fully scientifically tested and proven to kill >99.9% of germs (more info available)
- Non-flammable and non-corrosive
- Completely safe if accidentally swallowed
- Gentle on skin, non-stinging, non-drying
- Safe for sensitive skin, eczema, rashes, wounds, allergies (recommended by dermatologists and eczema specialists)
- Long lasting up to 2-4 hrs after application
- Over 6x more concentrated than alcohol gel sanitisers (100ml Invisi Shield = 600ml alcohol gel bottle)
- Works out cheaper to use and gives better protection than alcohol based gels

NOTE: Colour may naturally change over time, but effectiveness remains constant.

PRODUCT SIZES

- 60ml foam
- 100ml spray

DIRECTIONS

- 2-3 sprays per application
- Spray onto palms and rub hands together ensuring both front and back of hands, fingers and nails are covered and then allow to dry.
- Do not rinse hands with water after application
- Reapply product when hands get dirty or wet

Natural Science by Skin Elements
