

MISS VITALITY

CLEAN TEA

Cleanse I Detoxification

THE WELLNESS PROBLEM

It's pretty unavoidable to prevent all exposure to toxins in today's modern world.

Toxin exposure comes from a variety of sources - air, water, processed food, and even the products we use.

Our bodies have the ability to cleanse themselves but constant exposure to toxins can lead to the detoxification system becoming overwhelmed.

Many people are overloaded with toxins, which can lead to disease. Our job is to help support the detoxification process, thus helping our bodies.

MISS VITALITY SOLUTION

Clean Tea is a blend of detoxifying plants to purify the body and enliven the skin.

It is rich in antioxidants to strengthen immunity, clean the insides, and aid digestion.

A therapeutic herbal infusion that is caffeine and sugar-free Clean Tea has organic certified ingredients, designed to boost nutrients throughout the day and support proper digestion.

People drink tea daily so it makes sense to add this herbal infusion to the regular ritual, cleansing the body and also taking the time to rest the mind.

CLEAN TEA

Cleanse | Detoxification

KEY BENEFITS

- Contains Barberry which promotes liver detoxification.
- It is anti-fungal and anti-candida.
- Peppermint calms the stomach and aids digestion.
- Lemongrass stimulates cleansing through liver detoxification as well as supporting the kidney and lymphatic system, and helping circulation.
- Rosehips are high in Vitamin C to protect the skin and capillaries from free radicals.
- Chamomile soothes the nervous system and helps enzyme activity.
- Organic Vanilla Bean aids digestion.

FACTS

Each Clean Tea Mix contains: Barberry, Peppermint, Lemongrass, Chamomile, Rosehips, Vanilla Bean.

SERVING SUGGESTION

Infuse 1 tsp in 250-300ml of hot water, up to 3 times daily.
