Activ Bee Pollen

Capsules 500mg/60s

Why is Bee Pollen good for you?

Nature's Goodness Australia Activ Bee Pollen capsules contain Broken Cell Pollen. Pollen is the only known source of complete amino acids as well as minerals, microelements, bee hormones and enzymes. It is also renowned for its high bioactivity.

The cell walls of bee pollen are made of protein-cellulose complex which is indigestible by humans. Nature's Goodness Activ Bee Pollen has the wall structure broken in order to obtain the full benefit from this natural product.

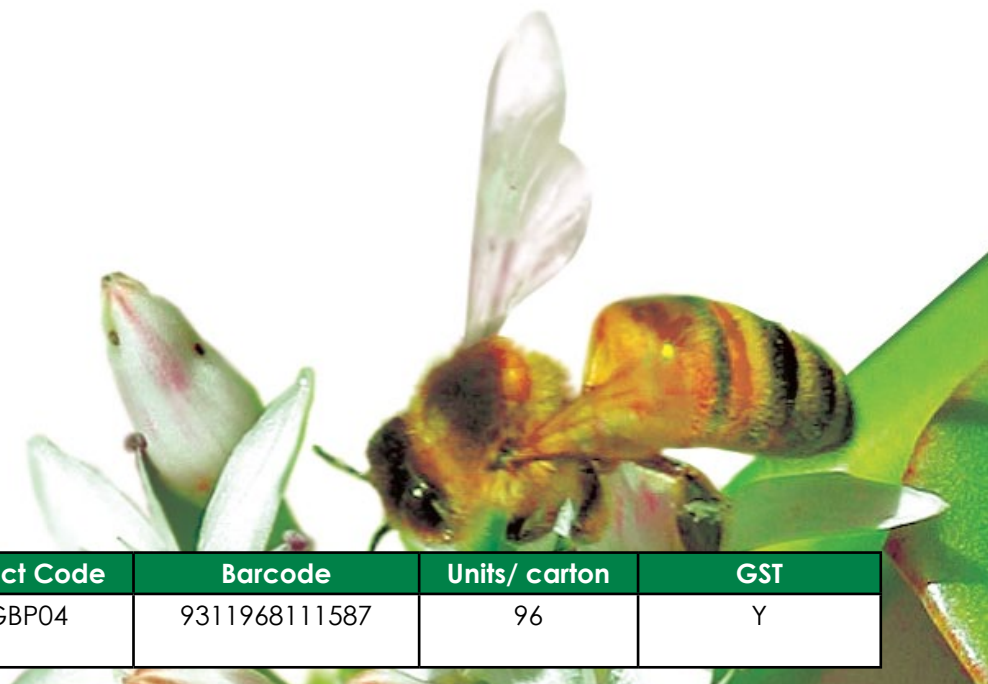

Directions

Dosage: 2 capsules per day or as required.

Ingredients:

Bee Pollen, Gelatin

Warning: This product may cause severe allergic reactions.
