

# SENSITIVE SKIN SHAMPOO

## Rosemary + Sandalwood

**PAW Sensitive Skin Shampoo** is formulated specifically for dogs with sensitive & fragile skin. With a new nutrient rich formulation this sulphate and soap free shampoo leaves your dog looking good and feeling great.

#### SIZE & FORMAT

- 200mL easy squeeze tube.
- 500mL bottle.
- 5L pump dispenser

#### APPEARANCE

Creamy colour & light texture.

#### DOSAGE

Approx. 25mL / per 10kg body weight.

#### WHEN TO RECOMMEND

Ideal for dogs that have sensitive, fragile skin, particularly breeds who are pre-disposed to skin issues, such as terriers and retrievers.

#### APPLICATION

Use for general bathing every 1 or 2 weeks or as directed by your Veterinarian / Groomer. Wet animal thoroughly with clean warm water. Apply PAW Sensitive Skin Shampoo at several areas of pet's coat and gently massage evenly through the coat and onto the skin to form a rich even lather. Rinse well with clean warm water.

#### BENEFITS

pH balanced and formulated to be compatible for dogs with fragile skin, PAW Sensitive Skin Shampoo uses pawDerm® technology that combines:

- Hypoallergenic soap free / sulphate free gentle cleaners for an effective gentle clean without stripping natural oils from delicate skin.
- Rich moisturising ingredients.
- Natural essential oils of rosemary & sandalwood to nurture the skin & provide a fresh pure scent.

All PAW topical products are formulated free from sulphate cleansers, paraben preservatives, silicones, phthalates, petrochemical cleansers and artificial colours & fragrances.

#### SAFETY DIRECTIONS

Not applicable.

#### COMPOSITION

Aqua (purified Australian water\*), glycerin (vegetable), panthenol, Simmondsia Chinensis (jojoba) seed, tocopheryl acetate, Santalum Spicatum (sandalwood) Oil, Rosmarinus Officinalis (Rosemary) leaf Oil.

#### RELATED PRODUCTS

- For best results, PAW Sensitive Skin Shampoo is designed to be used in conjunction with **PAW Sensitive Skin Conditioner** for a great coat and to maintain skin health and deliver essential oils to the skin.
- Use **Essential 6® Spot on** for additional topical essential fatty acid supplementation for a healthy coat.
- Use **NutriDerm® Replenishing** range to gently clean, nourish and replenishing the coat and skin of dogs and cats with normal, dry or itchy skin.
- Use **TriDerm® Calming Gel** to cool and calm sensitive skin and paws.
- For additional skin health and coat shine, consider using **PAW Dermega® Omega 3 & 6 Oral Supplement** in the diet to improve your pets omega balance & intake.
