

PUPPY

CONDITIONING SPRAY

Coconut + Jojoba

PAW Puppy Conditioning Spray moisturises, strengthens & detangles the coat, making conditioning your puppy easy in a simple spray application. This alcohol, sulphate and soap free formula is gentle enough to nurture young skin and keep the coat in great condition.

SIZE & FORMAT

- 200mL bottle with 'QuickSpray Control' that continues working at any angle.

APPEARANCE

A direct clear liquid.

DOSAGE

Just a few sprays and a comb through for a soft, silky, tangle-free coat that smells naturally fresh.

WHEN TO RECOMMEND

Ideal for all puppies.

APPLICATION

Use after bathing on a wet coat or between washes to freshen the coat. Spray directly onto the coat. It will spray on wet to allow the product to be groomed through the coat, and will dry in minutes.

BENEFITS

Featuring Quick Spray Control this mini trigger achieves optimal coverage to all areas of the pet's coat.

PAW Puppy Conditioning Spray is a **gentle alcohol free spray that moisturises, strengthens & detangles** the coat, making conditioning easy by using a simple spray application. It uses pawDerm® technology that combines:

- Gentle conditioning and detangling agents for a silky smooth coat.
- Rich moisturising & conditioning ingredients for coat & skin health.
- Natural essential oils to nurture young skin & provide a fresh pure scent.

All PAW topical products are formulated free from sulphate cleansers, paraben preservatives, silicones, phthalates, petrochemical cleansers and artificial colours & fragrances.

SAFETY DIRECTIONS

Not applicable.

COMPOSITION

Aqua (purified Australian water*), glycerin (vegetable), panthenol, cyamopsis tetragonoloba (guar) gum, Citrus Aurantium Dulcis (orange) oil, Hydrolysed Oats, Anthemis Nobilis (roman chamomile) Flower Oil, Simmondsis Chinensis (jojoba) seed oil, Cocos Nucifera (coconut) oil.

RELATED PRODUCTS

- Use PAW **Puppy Gentle Shampoo** a sulphate free and soap free shampoo to care for puppies' skin while bathing.
- Essential 6 Spot-on** for additional topical essential fatty acids supplementation.
- For additional skin health and coat shine, consider using **PAW Dermega® Omega 3 & 6 Oral Supplement** in the diet to improve your pets omega balance & intake.
