Skin Purifying Mask 100ml

A **fast-acting** face mask that detoxes, purifies and soothes acne-prone skin.

Specifically formulated with **French green clay, Great Barrier Reef mineral salt, vitamin B5 & 13 other powerful natural extracts**.

The complexion you deserve begins with the right skin care regime.

SkinB5's skin purifying mask is specially formulated to deeply cleanse and **detoxify** skin that is prone to acne breakouts. Designed for easy use, this **5-minute** application instantly refines enlarged pores through a fast-acting formula.

Using numerous carefully selected ingredients including French green clay, Great Barrier Reef mineral salt and therapeutic natural extracts, this gentle purifying mask actively **soothes** and **heals** troubled skin.

Say hello to the healthy, clear, smoother looking skin you deserve with SkinB5.

Using carefully selected ingredients & therapeutic natural extracts, this gentle mask actively soothes, heals & detoxes troubled skin.

SkinB5 and YOU

Confidence starts with healthy skin and SkinB5 is highly committed to helping people achieve the best results possible. Our progressive approach uses specially formulated products to target acne from inside the body as well as on the surface – making it a routine you can embrace everyday.

Benefits:

- Natural extracts
- Cleans & revitalises pores
- Cell renewal & healing
- Controls skin oil
- Easy application and 5-minute process

Ingredients:

Water, Kaolin, Bentonite, Glycerin, Persea Gratissima (Avocado) Oil, Cetearyl Alcohol, Glyceryl Monostearate, Cetareth-20, Cetyl Alcohol, Tocopheryl Acetate (Vitamin E), Sodium Chloride (Great Barrier Reef Sea Mineral), D-Panthenol (Vitamin B5), Eucalyptus Globulus Leaf Oil, Chamomilla Recutita (Matricaria) Flower Extract, Equisetum Arvense (Horsetail) Extract, Aesculus Hippocastanum (Horse Chestnut) Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Salvia Officinalis (Sage) Extract, Ginkgo Biloba Extract, Menthol, Citrus Paradisi (Grapefruit) Extract, Anthemis, Nobilis (Chamomile) Flower Oil, Propylene Glycol, Mentha Piperita (Peppermint) Oil, Citrus Aurantium Bergamia (Bergamot) Fruit Oil.

Suitable for all ages and skin types.

No Benzoyl Peroxide, No Parabens, No SLS or SLES, No Synthetic Fragrances

How to use:

Apply to cleansed skin, avoiding the eye area, wait 5 minutes & rinse off with warm water.

Can be used as an overnight spot treatment or mixed with your liquid foundation to create an anti-acne matte makeup.

Use the revolutionary SkinB5™ vitamins & skincare range as part of a skin wellness routine.

Beauty Hacks

- As a spot treatment, apply to troubled areas and leave overnight.
- To create an anti-acne, shine-free, concealing and long-lasting make-up, mix a small amount into your favourite liquid foundation and apply as usual.

Key Ingredients:

	French Green Clay Absorbs excess oil, revitalises the complexion and tightens pores. French Green Clay (from France) is perfect for clearing problem skin. Studies have shown that French Green Clay is also a highly effective antibacterial agent.
	Active Ingredients Vitamin B5 Helps control skin oil and will assist in soothing and purifying the skin.
	Vitamin E Helps even skin tone, reduces the appearance of scars and fine lines. Leaves skin feeling smooth and well nourished. Vitamin E's powerful antioxidant properties may help guard against sun damage.
	Aloe Vera Recent studies have shown that aloe vera facilitates the healing of wounds and damaged skin tissue.
	Eucalyptus Oil It has antiseptic, antibacterial and antiviral properties, making it a perfect remedy for problem skin.
	Australian Great Barrier Reef sea minerals Unclogs pores by removing dead skin cells which may prevent the natural process of cell renewal.
	Avocado Oil Promotes cell regeneration, used for skin inflammation and to cleanse the skin. Avocado oil is also high in sterolins, which are beneficial in healing scars and moisturising the upper layers of the skin. The sterolins in Avocado oil have been found to diminish age spots.
	Bergamot Oil Bergamot has antibacterial and drying properties making it an ideal pimple treatment. It exudes a citrus aroma that has a calming effect on the mind & body.
	Horsetail extract Horsetail contains the highest known content of silicon of any herb. Because of its silicon content, horsetail can help heal the skin. It is also an astringent, helping restore skin's elasticity. Horsetail also has anti-aging properties.
	Ginkgo extract Ginkgo Biloba contains quercetin, a natural flavonoid and antioxidant with anti-inflammatory properties. Ginkgo Biloba has also been found to improve the skin's protection from UVB rays and improve the production of collagen, which helps to keep the skin firm and youthful.
	Chamomile Chamomile is one of nature's miracles. It has an incredible number of benefits, and none more so than for our skin. Alpha-bisabolol – a compound found in chamomile – possesses anti-irritant and anti-inflammatory properties, and also reportedly reduces the appearance of fine lines and wrinkles by accelerating the healing process of the skin.
	Grapefruit extract Grapefruit can alleviate inflammation of the skin. Grapefruit extracts increase the pH of the skin, which helps reduce acne

Other Ingredients	Ingredients Benefits
Purified Water	Hydration
Kaolin	Soothes, purifies and tones skin
Bentonite	cleansing and detoxifying
Glycerin	Humectant, promotes moisturisation by absorbing moisture from the air into the skin
