EVERYDAY NATURAL SUNSCREEN

Everyday Use

Soléo's Everyday Extra-Lite Natural Sunscreen is formulated for everyday use. Designed as non-comedogenic, so it doesn't clog the skin's pores, and provide a high level of UVA and UVB protection, SPF30 protection.

Non-Oily & Non-Greasy

This sunscreen absorbs into the skin, non-greasy and non-oily, with no residue left behind.

Fast Absorbing

Soléo's everyday sunscreen absorbs into the skin very quickly and doesn't leave a shiny residue behind.

For Every Application

Our everyday natural sunscreen, is effective for a huge range of applications, most commonly used in sport and for kids and toddlers. Offering a wide range of versatility. However where water resistance is required we recommend our high performance sunscreen.

PEACE OF MIND

All Natural & Organic

Formulated according to Naturopathic principles, using only organic and natural ingredients, totally free of synthetic chemicals.

Free of Chemical Preservatives

Completely free from chemical UV-absorbers, chemical preservatives, titanium dioxide, parabens, synthetic fragrances & colours, nano particles, petrochemicals, PABA, SLS, benzoates, mineral oils and synthetic by-products.

Packed with Antioxidants and Botanical Extracts

Soléo's organic sunscreens are packed with botanical extracts high in antioxidants and fortified with natural oils which moisturise the skin naturally.

Cutting Edge, Broad Spectrum

Soléo Organics sunscreen is a very high protection SPF30, broad spectrum sunscreen, protecting from both UVB rays (sun burn) and UVA rays (aging).

For Every Skin Type

Formulated as a low-irritation, hypoallergenic formula, Soléo's natural sunscreen is ideal for the entire family.

Rubs in Clear

Soléo Organics sunscreens use a proprietary zinc formula designed to rub in clear in the skin.

SAFE GUARDING THE NEXT GENERATION

Recyclable and Biodegradable

Our sunscreen is environmentally friendly from its packaging to its contents. Soléo Organics packaging materials and tubes are made from 100% recyclable materials. The contents of the sunscreen tubes are all 100% natural and biodegradable.

Formulated for Everyone

Soléo's sunscreens are formulated using micro particles instead of the nano particles. Our special formulation of micronised zinc was formulated for sensitive skin, pregnant women and for babies, so that it is suitable for the entire family!

Reef Friendly

Our natural sunscreens are all ocean and fresh water friendly, 100% biodegradable and non-toxic. There are no nano particles in Soléo sunscreens, they are all completely reef friendly.

Cruelty Free

All Soléo Organics products are cruelty free, no testing is done on animals and we hold ourselves and our testing to the highest standards.
