

PURE CERTIFIED ORGANIC, COLD-PRESSED OIL!

CERTIFIED ORGANIC

CASTOR OIL

Pure Cold-Pressed Oil

Castor oil is a vegetable oil obtained by cold-pressing the seeds of the castor oil plant.

Castor Oil has a long history of traditional use and has been used in many cultures around the world for over 3,000 years. It is an excellent choice for maintaining beautiful hair and healthy skin. Castor oil is also considered by many to be one of the finest natural skin emollients available. It penetrates the surface layers of the skin making it softer and more pliable. When applied to the skin, it penetrates deeply and stimulates the production of collagen and elastin. This, in turn, helps soften and hydrate the skin.

This certified organic, hexane-free versatile oil, will amaze you with its long list of at-home external uses.

Topical uses include:

- Fights signs of ageing
- Fades blemishes
- Deeply moisturises the skin
- Reduces the appearance of stretch marks and pigmentation
- Soothes joint and muscle soreness
- Promotes and enhances hair growth
- Lessens premature greying
- Conditions hair

SUGGESTED USE:

For topical application, apply a few drops of Castor Oil to the desired area and massage as needed. For soft hair, simply add a few drops to your favourite shampoo prior to washing.

external use
