

## Details

Jack N' Jill Gum & Tooth Wipes can be safely used from birth. Individually wrapped, they are both hygienic and convenient when out and about.

### FEATURES:

- 100% Soft cotton, steam sterilised & gently textured
- All natural & safe
- Free from fluoride, sugar and parabens
- Contains Xylitol
- Neutral flavoured
- 25 Individually wrapped wipes
- 100% Biodegradable (not flushable).

### DIRECTIONS:

Wash your hands! After each feeding time: Wrap one wipe around your finger and use around all surfaces of the gums, teeth, tongue and cheeks. Use immediately after opening sachet and dispose of wipe after one use.

As your baby develops teeth, introduce the Jack N' Jill Silicone Finger Brush, followed by the Jack N' Jill Silicone Toothbrush and Jack N' Jill Natural Toothpaste.

Tip #1: These are also handy for other quick fixes on-the-go such as cleaning your infant's dummy - where transmission of bacteria can often be a source children's tooth decay and illness, and even breastfeeding mothers have found them helpful for wiping around the nipples before or after a feed.

Tip #2: Many adults also use these tooth wipes (for themselves!).

### CAUTION:

Keep out of reach of small children. Jack N' Jill wipes are designed to be used by adults on babies/small children. Choking hazard. Do not let children use unattended. Discontinue use if allergy or sensitivity arises. Avoid eye contact. If eye contact occurs, wash thoroughly with water. Do not flush. Store at room temperature.

**Ingredients:** Purified Water, Xylitol

Many of us know that having clean teeth is essential for the well being of our children. Did you know that you can start cleaning and caring for your baby's gums well before their first tooth appears? Clean and healthy gums will help make sure that when their teeth do come through, they will be strong and healthy. Well, this is often easier said than done! One of the challenges we face on our crusade for ultimate toothy healthiness is finding the right product. Jack N' Jill Baby Gum & Tooth Wipes are an easy way to help make sure your child has healthy gums and teeth right from the start!

Completely natural and safe, they are made from 100% cotton. Jack N' Jill Baby Gum & Tooth Wipes have a gentle texture for effective cleaning and plaque removal. Neutral flavoured, they have a pleasant taste thanks to xylitol. Jack N' Jill Gum & Tooth Wipes are free from fluoride, sugar, parabens and benzoates (of course!). Our wipes are steam sterilised and individually wrapped to ensure optimum hygiene.
