

Flavoured Collagen Hydrolysate + Vitamin C

Renew, Repair & Replace

Nutraviva Flavoured Collagen Hydrolysate powder + Vitamin C range offers you a quick and delicious way of consuming your daily requirements of collagen and vitamin C. Vitamin C, a powerful antioxidant, is found in high levels in the outer layers of the skin and is crucial for the collagen production process. Without an adequate vitamin C dietary intake the body cannot replace collagen making it an important cofactor for collagen synthesis.

Available in three delicious fruity flavours - Lemon, Watermelon and Peach Iced Tea.

Flavoured Collagen Hydrolysate + Vitamin C 350g

Flavoured Collagen Hydrolysate + Vitamin C 350g

Flavoured Collagen Hydrolysate + Vitamin C 350g

Key points of difference:

The unique combination and size of amino acids found in Nutraviva Collagen + Vitamin C provides the body with the optimum amount of peptides and vitamin C contributing to collagen formation in skin, hair nails, cartilage and bones. Vitamin C is an important cofactor for collagen synthesis and a powerful antioxidant protecting against free radicals and contributing to iron absorption within the body.

Each serving of Nutraviva Collagen Hydrolysate + Vitamin C range has 9.3g of grass-fed and finished collagen peptides combined with 40mg of vitamin C in a highly absorbable and bioavailable formula.

- 3 sugar free fruity flavours
- 93% bovine collagen peptides & 100% RDI of Vitamin C per serve
- Kosher certified

Ingredients:

Watermelon: Pure bovine collagen hydrolysate peptides, citric acid, L-ascorbic acid (vitamin C), malic acid, maltodextrin, natural flavourings, acesulfame K, sucralose, steviol glycosides (stevia extracts), trisodium citrate, tricalcium phosphate, guar gum, gum acacia, L-ascorbic acid (vitamin C), beta carotene.

Peach Iced Tea: Pure bovine collagen hydrolysate peptides, citric acid, black tea extract, L-ascorbic acid (vitamin C), malic acid, maltodextrin, natural flavourings, acesulfame K, sucralose, steviol glycosides (stevia extracts), trisodium citrate, tricalcium phosphate, guar gum, gum acacia, beta-apo-8'-carotenol (C30).

Lemon: Pure bovine collagen hydrolysate peptides, citric acid, L-ascorbic acid (vitamin C), malic acid, maltodextrin, natural flavourings, acesulfame K, sucralose, steviol glycosides (stevia extracts), trisodium citrate, tricalcium phosphate, guar gum, gum acacia, curcumin.
