

## Nutraviva Joint & Bone Formula

Nutraviva Joint and Bone Formula has been specifically designed for bones, joints and cartilage support. It is comprised of collagen and fortified with glucosamine, methylsulfonylmethane, chondroitin, vitamin C, vitamin D, B6 and vitamin B12 and is specifically designed to assist the skeletal and muscular systems. This all natural product may benefit people who suffer from osteoarthritis or experience joint pain and discomfort, people recovering from an accident or injury and athletes who exercises regularly.

### Joint & Bone Formula Unflavoured 320g

### Joint & Bone Formula Berry Blend 320g

### Key points of difference:

- Formulated to reduce the impact of mobility issues arising from age-related deterioration of joints, bone and cartilage as well as providing the building blocks required for the body to repair and recover from injury.
- 70% grass fed & finished bovine collagen peptides fortified with glucosamine, chondroitin, MSM, and vitamins C, D3, B6 & B12 to support joint and bone health and maintenance.
- Gluten, dairy free. Kosher certified. Keto friendly.
